

Actividad 1

The screenshot displays a Windows desktop environment. In the foreground, a web browser window shows the GitHub website (github.com). The page features the GitHub logo, a search bar, and navigation links for Pull requests, Issues, Marketplace, and Explore. The main content area is titled "The home for all developers — including you." and includes several interactive cards: "Start writing code" (with sub-cards for "Start a new repository", "Create your profile README", and "Contribute to an existing repository"), "Use tools of the trade" (with sub-cards for "Write code in your web browser", "Install a powerful code editor", and "Set up your local dev environment"), and "Get started on GitHub". On the right side, there are promotional banners for "Universe 2022" and "GitHub Copilot". A "Latest changes" section at the bottom right lists recent updates. In the background, a "Git 2.37.3 Setup" window is open, titled "Completing the Git Setup Wizard". It informs the user that the installation is complete and provides options to "Launch Git Bash" (unchecked) and "View Release Notes" (checked). A "Finish" button is at the bottom of the setup window. The taskbar at the bottom shows various application icons, and the system clock indicates 07:55 a.m. on 28/09/2022.
